

## Pre k-4 "VPK"

Loving Earth Preschool is determined to help your child succeed academically and socially. In the "VPK" our staff work with your child getting them ready for kindergarten and beyond.

Our goal is for your child to be ready for their school career. We concentrate on the basics of learning:

- Math concepts: Making comparisons, matching, sorting, writing and recognizing numbers & identifying shapes.
- Language: Pre- writing and reading skills, using phonics for visual and auditory discrimination from A-Z, recognizing colors, letters and consonant sounds, using lots of rhyming words, writing uppercase and lower case letters, names and words. We continue to work with your child in learning ASL (Sign Language), expanding their vocabulary and enhancing their communication capability.
- Social-Emotional: Giving them skills to work independently and with others, to accept responsibility, to listen and follow directions, to respect and consider others, also we have a character development theme each month that focus on teaching important values during the year.
- Also as a part of our curriculum we enhance their experiences with special classes : gym, dance, music, arts, computer, Spanish and sign language.

We continue to evaluate your child's growth and development directions helping them keep on task. We send monthly newsletters home letting parents know what their child will be exploring each month.

Our lessons plans are carefully design to help your child get the education they need to build a successful foundation for their academic future.
